

PHẠM NHẬT MINH

NODEJS INTERN

About me

I have completed all courses in my Information Systems program and am currently waiting for my diploma. I'm seeking an internship to gain hands-on experience in web development, especially with React.js and Node.js. I'm eager to learn and grow through real projects and teamwork.

Work Experiences

Frontend Intern | CÔNG TY CỔ PHẦN MOBIPLUS TIN HỌC VÀ TRUYỀN THÔNG

17/02/2025 - 30/05/2025

- + Learned and worked with React.js and the Next.js framework
- + Participated in slicing UI designs into reusable components
- + Integrated APIs to dynamically render data in the frontend

Education

Major: Information Systems | Thuy Loi University

2021 - 2025

GPA: 2.55

Projects

Hourly Room Booking Website for a Movie Cafe 30/03/2025 - 30/06/2025

- **Role:** Fullstack developer
- **Tech stack:** Next.js, Node.js, Express.js, MongoDB, Socket.IO
- **Project description:** This project is a web-based booking system designed specifically for a movie café business model, where customers can rent private rooms to watch movies by the hour. The system supports both customer-facing features and an admin management dashboard, ensuring a seamless booking experience and efficient operational control.
- **Key future:**
 - Real-time Room Availability: Displays current booking status and prevents overbooking with real-time updates via Socket.IO.
 - Email Notifications: Sends OTP to customers' email for account registration, and sends booking confirmation emails after successful room reservations.
 - Branch & Room Type Management: Admin can manage multiple branches, different room types, and pricing.
 - Admin Dashboard: Full control panel for managing rooms, bookings, customers, promotions, and viewing booking statistics and system analytics.
- **Code:**
